MEMORANDUM FOR: Deputy Director (Science and Technology)
ATTENTION : DD/S&T Security Officer
SUBJECT : Need for Increased Security Controls
in T-KH and Related Systems
REFERENCE : Memorandum for DCI from D/SEC Dated
23 October 1963; Subject: As Above;
 22960-63)

25X1A

1. Reference was provided this Office at 0945 this date by Security Officer, DD/S&T, with the request for OSA comments by COB this date.

2. In view of the fact that referenced memorandum proposes tightening the controls maintained on access to the product of operations and thereby affording more protection to operations in which we are involved, this Office would interpose no objection.

3. As to the feasibility and/or desirability from the consumer viewpoint of instituting these more rigid controls and identification of NPIC as "Executive Agent", this Office would defer to the recommendations of the CIA Chairman of the USIB Committee on Overhead Reconnaissance (TCO/CIA).
